* Price is the cost of the printed graphic x 25%. This is a service and copyright fee for providing the print shop of your choice with an electronic file(s) and Authorization(s) to Print. If a graphic print cost is \$60, then the Price would be 60 x 0.25 = \$15, which totals to \$60 + \$15 = \$75 for your graphic. Authorization to Print applies to only one printed graphic. If you buy three \$60 printed graphics, it would require three Authorizations, or (3 x 60) * 0.25 = \$45.00.

1. Make Cashier Check, Money Order, or Personal check payable to James R. Wilkinson – address below. Your payment must clear bank before order filled. Allow 4-6 weeks for delivery. No credit cards accepted.

2. I reserve the right to change prices, modify any poster, material, or presentation, or not offer an item for sale.
